

PANDO DAYS - Faculty Information

Beforehand:

- You might want to share LA County's Sustainability Plan (ourcounty.org) with your students.
 - You'll have the opportunity at the beginning of the Blitz on the 19th to share the unique lens that you and/or your school takes to sustainability. As you prepare your intro, keep in mind that we're looking for short and sweet (1-2 minutes) and "unplugged" - so no need for slides, etc.
-

The Launch – Optional.

- October 12, 9:00 – 10:30.
- Second Home Serpentine Pavilion at La Brea Tar Pits at 5801 Wilshire Boulevard.
- Random seating – you'll be joining as part of the general public, and you may or may not wind up brainstorming the topic you'll be focused on the next week.
- This is a facilitated event.

The Blitz – This is the BIG DAY, and we're counting on you and your students to be there.

- October 19, 11:00 am – 4:00 pm. Registration opens at 10:00 am.
- Conrad N. Hilton Foundation's LEED Platinum building at 30440 Agoura Rd. Agoura Hills, CA 91301.
- This event is facilitated from the front of the room with loads of time for faculty to take the lead at their tables in the afternoon.

General structure of the day:

- Doors open at 10 am. Feel free to show up and relax onsite with coffee or tea and get to know your fellow Blitz-ers. The event officially begins at 11 am.
- While we will give you prompts, we are working with all of you because you're designers and teachers. So please use whatever method you'd like to spark the brilliance of your team.

Morning:

- Welcomes take place on the patio.
- The Blitz begins with prompts from the "front of the room". (See appendix in the deck on website for more detail.)
- Individual breakout spaces will be assigned for exploring the prompts.
- Lunch will be available from 12:30 – 2:00 pm. Break for lunch at your leisure. (vegan, vegetarian, and GF options)

Afternoon:

- You'll use the afternoon to develop an idea for the initiative you'll produce over the next six months. You'll also use this time to prepare to share the idea with the whole group.
- Each school will present their idea to the whole group. Plan to have the floor for 5 minutes maximum.

Supplies we'll provide:

Our goal for the Blitz is to develop ideas rather than actual prototypes. The prototyping will happen following the event as you embark on the six-month period of developing your plan. As a result, what we'll have on-hand are big post-it pads (~20 x 30), stickies, wide-tipped markers and sharpies. If you'd like to bring additional materials or have your students bring tablets, that's fine too!

See you soon!

The Pando Days Team
